

Matchbox Virtual Media

We at Matchbox consider ourselves to be a white glove Virtual Event production service, bringing best of breed technology catered to your event-specific needs. Walking you through every step of the way is your own personal Client Success Team, dedicated to sourcing relevant expertise from our team and providing you with best practices along the way.

What makes our events uniquely engaging is our practice of pre-recording video sessions. We provide trained session directors and editors to ensure polished, professional outcomes for your attendees. On the day of each event, our skilled chat animators encourage attendee engagement as our diligent IT team serves as customer support. From conception and planning, through production and delivery, our top priority is to create an engaging experience for you and your community, while supporting you every step of the way.
