# eventPower

eventPower serves the meeting and convention industry by providing conference management software tools and services that make our clients more efficient. Skilled, certified meeting planning professionals combined with state-of-the-art, cloud-based software tools ensure the realization of our client's vision for their event.

 eventPower's Virtual Event Experience allows your conference content to be integrated into one, centralized database and delivered to both onsite and virtual attendees in a seamless and engaging online experience. The all-in-one, virtual solution features the following:

- All-in-One Solution·
- Live Streaming & Pre-Recorded Sessions
- Interactive Dashboard
- Virtual Exhibit Hall
- Sponsor Opportunities
- Endless Networking Opportunities
- Reporting & More!

We also have the following services available: Speaker Management, Online Registration, Onsite Badge Printing, Exhibit & Sponsorship Sales, Session Tracking, Website Development, Mobile App and Exhibitor Lead Retrieval.

 eventPower is committed and engaged throughout the conference production cycle. For more information about eventPower, please visit www.eventPower.com.
